Course of Study of the Hondo High School

After a careful study of the course of study and present conditions of our school, I have arranged the course of study for the High School for this year as follows:

FIRST YEAR.

REQUIRED—English, Grammar and Composition, Mathematics, Algebra, History (Ancient.)

ELECTIVE—Latin, General Science.

SECOND YEAR.

REQUIRED—English, Composition and Literature, Mathematics, 1st Term Algebra, 2nd Term Geometry, History (Medieval and Ancient.)

ELECTIVE—Latin, Spanish, Physiology.

THIRD YEAR.

REQUIRED—English, English Literature, Mathematic, Geometry (Plane and Solid), History, American History, Civics.

ELECTIVE—Latin, Spanish.

FOURTH YEAR.

REQUIRED—English, American Literature, Mathematics, Higher Algebra, Arithmetic, Physics.

ELECTIVE—Latin, Spanish.

We shall require sixteen units for graduation, the twelve required units with four elective units. In Latin and Spanish there will be no credit given unless full course is taken. Each year of Science will be counted.

The course for the grades will be the course given by the State Department.

Each course will be graded independently and a grade of 75 per cent will

be required to pass in any course.

I shall require all conditioned children to meet me at the school building Thursday, September 7th. Come prepared to take examinations should I deem it necessary.

We are making a great effort to place play-ground apparatus on the grounds for our children, therefore I ask your co-operation and support.

Let us make the school attractive to our children, then it will not be so great a task to keep them in school.

I ask your co-operation and support in all school matters.

Willys
Knight

Model 84 B
\$1125

Roadster \$1095
J. O. B. Toledo

It Improves With Use

There is a delightful thrill in the smoothness with which the Willys-Knight motor "picks up" without "choking"—without the slightest vibration.

There is great satisfaction in being able to throttle it down to a walking pace on high gear.

But the remarkable superiority of the Knight sleeve-valve motor lies in the fact that—

Though all other motors grow noisy and lose power and smoothness—

The Knight sleeve-valve motor grows steadily quieter with use and increases steadily in power, smoothness and all-around performance.

The factory's enormous production made it possible to price this wonderful car at \$1125 for the touring car, and \$1095 for the Roadster.

Ask us to tell you about the Willys-Knight.

Card of Thanks.

We herewith express our sincere thanks to all the people who so kindly assisted and attended the Bazaar given at the Quili Lutheran church last Thursday and we especially thank the men who spoke in the afternoon for their many good advices.

There were three quilts given away

by numbers. Those having the lucky numbers were: Mrs. Fritz Frerichs, Mrs. Laura Kindelon and Mrs. M. Davis all of Hondo.

This was all for the benefit of the church. The whole amount taken in was \$197.00.

THE MEMBERS.

The Storm.

Hondo was a wakeful town last Friday night. In fact our people outdied President Wilson in his "watchful waiting" attitude notwithstanding the fact that he had some four years the start of them in that particular line of endeavor. People in Hondo that were

unfortunate enough to be bothered with nerves kept watch throughout and longed for daylight that they might the better protect themselves in case the storm grew in intensity.

The weather was somewhat blustery throughout Friday afternoon, the wind being from the northeast, but at no time did it reach the velocity of a storm. As night approached the wind increased in velocity, and by 10 o'clock the wind had increased to such a degree that people realized that a storm, perhaps the severest that ever visited this section, was upon them, the wind in the meantime veering from the northeast to the south. The wind reached its greatest velocity between 12 and 4 a. m., after which it gradually subsided and by sunrise it had died down to a gentle breeze.

When daylight dawned and people issued forth to investigate they found that the havoc wrought by the storm much less than they thought. A few telephone and electric light poles were blown down, shade trees uprooted, flues blown away and a few small out-houses unroofed or overturned, the damage, from a financial standpoint, being insignificant.

Windmills, both in town and the country suffered considerably, many being destroyed, while but few escaped some damage. Open cotton in the fields was blown out and considerably damaged, this being the most serious loss resulting from the storm. While a good portion of the cotton has since been picked up, the loss nevertheless is rather severe owing to the deterioration of the sample.

The largest building, so far as we have been able to learn, to be destroyed was the large barn on the Carle place about one and a half miles south of town. This building was blown over.

No one, so far as we have been able to learn, received any personal injury from the strenuous activity of the wind.

Rain, amounting to 1.92 of an inch, fell during the duration of the storm.

Hondo fared much better than many other sections in the track of the storm and while congratulating themselves on their lucky escape, are also hoping that they may never again have such an experience as they passed through last Friday night.

Boehle-Breiten.

A pretty church wedding was witnessed in Quili Lutheran church Wednesday morning of last week, when Mr. George L. Boehle and Miss Lisetta M. Breiten were united in the holy bonds of matrimony by Pastor Beitet.

The bride was prettily gowned in a white embroidered Swiss dress veiling, a wreath and long veil and carried a bouquet of roses and ferns.

The groom wore a blue serge suit. Mr. Henry G. Boehle and Miss Minnie E. Graff were best man and maid of honor.

The maid of honor was gowned in a white silk dress and the best man wore a blue serge suit.

After the ceremony the bridal party, family and a few friends were entertained at the home of the bride's parents, Mr. and Mrs. Jacob Breiten, at Dunlay, where a sumptuous wedding dinner was served.

The bride is the charming and accomplished daughter of Mr. and Mrs. Jacob Breiten of Dunlay and is well known by everyone.

The groom is the youngest son of Mr. F. L. Boehle of Quili.

The bride and groom left for their new home in Verdina where they will make their future home.

Both the bride and groom have a host of friends in this vicinity who extend congratulations and best wishes for a long and happy wedded life.

Mrs. Walker Entertains.

Mrs. A. G. Walker entertained a few of her friends at her home last Friday afternoon in honor of her sister-in-law, Mrs. Will Waker, of San Antonio. Forty-two was the feature of the afternoon.

The tallies were daintily painted in blue, corresponding with the plate favors, and pretty hand embroidered doilies used, when the hostess served a delicious salad course the plate favors being little blue satin vanity bags containing powder puffs.

Those present were: Mesdames Will Walker, P. L. Crain, Ralph Noonan, Sid Carter, Henry Merriman, Miss Pike and the hostess.

CONTRIBUTED.

Music Class.

I wish to announce that I will begin my music class the first week of school, commencing Sept. 11th, and solicit the patronage of all. I will be in Hondo after Sept. 4th, at the home of Mrs. Will Ney, Phone 109.

BUICK

MODEL D 6, 55

The biggest value of all---that part which this outward coat of beauty screens---is Buick construction which insures the utmost of "under-the-floor" value in workmanship and material. Everything entering into the construction of a D-55, is measured by Valve-in-Head values. Material must be the very best procurable---labor the most skilled---finish the most perfect. Buick construction in perfectly expressed; nothing is lacking to make this car ideal and complete.

REQUIRES CARE IN MAKING

Tea, to Be at Its Best, Must Be Prepared Under Exactly the Proper Conditions.

There is practically no nutriment in tea, though there are small amounts of mineral salts. The principal ingredients are caffeine, which stimulates the nerves; volatile oils, which give the flavor; and tannic acid, which retards the digestion!

The Japanese have made a religious and aesthetic ceremonial of tea-drinking, and like the mineral waters whose efficiency is found to depend largely on the change and rest accompanying their drinking, the afternoon tea has its psychological as well as its physiological reasons for the pleasant results produced.

Like all beverages which refresh by stimulating, tea should be used with great discretion.

Less tea is used to the cup than in the case of coffee—one-half to one teaspoonful as compared to one tablespoonful. A mild cup of tea well made will not hurt a healthy person, and, although the stimulating principle is the same, tea does not seem to have so direct or so pronounced an effect on the central nervous system as does coffee. Children, people with gastric troubles or those who are nervous should not drink tea.

Green tea contains much more tannic acid than black tea. Be sure it does not boil or stand on the leaves if you use it.

Hard or stale water does not make good tea. It should be freshly drawn and freshly boiled.

Boiling any tea is a crime. The caffeine is readily soluble and is quickly obtained in solution. Boiling or long standing on the leaves only results in more of the injurious tannic acid being extracted and spoils the flavor as well as making the beverage more harmful.

Do You Want Your Kidneys Experimented On?

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this cause are 72 per cent more than 20 years ago.

Anybody who suffers constant back-ache, who feels blue, nervous and irritable; who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier; live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Hondo. Here's one:

Mrs. P. H. Renkin, Hondo, says: "I, and others of the family have used Doan's Kidney Pills with the best of results. My kidneys were disordered and didn't act as they should. One box of Doan's Kidney Pills entirely removed the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Renkin had. Foster-Milburn Co. Props., Buffalo, N. Y.

COVERS FOR SWEEPING DAYS

Provision May Be Made That Will Do Away With Much Annoyance on Those Occasions.

To find the necessary coverings on sweeping days has often sent the maid scurrying about for old aprons, sheets, towels and anything else she could lay her hands on to use for this purpose.

A friend of mine has solved the difficulty in this way: She purchased a quantity of gray cambric and made from it a large sheet with which to cover the beds and sideboard; smaller covers for dressers and toilet tables were made and still others, in suitable shapes, were designed to put over the lamps, mantels and the like. She also made from the cambric a bag to keep the covers in; this was hung in the broom closet.

While light, the cambric formed a perfect protection against dust, and a simple shaking when the sweeping was finished freed the covers from the dust that had settled upon them, so that they required washing but once a month. The use of these dust covers saved much valuable time and extra work. The cost of a set is moderate and it does not take long to make them.—Pittsburgh Dispatch.

Omelet of Peas.

Beat up three eggs, to which add one tablespoonful of grated cheese; pepper and salt and mix thoroughly. Butter an omelette pan and pour in the mixture; keep moving it gently with a fork, while you sprinkle in with the other hand some cooked green peas or canned. The omelet will be cooked by the time you have sprinkled in two handfuls. Slip it off on a very hot dish, fold over and serve at once.

Queen Cake.

Three eggs, two cupfuls sugar, large half cupful butter, one cupful milk, one teaspoonful soda, two teaspoonfuls cream of tartar, three cupfuls flour. Flavor to taste. This makes two quite good-sized loaves or a large sheet. It can be divided and put three whites in one loaf and three yolks in the other. Then use one and a half cupfuls of flour to each loaf and halve everything else in proportion.

Cream of Rice Soup.

Two quarts of chicken broth, one teacupful of rice, one quart of milk (half cream is better), one onion, one stalk of celery, salt and pepper to taste. Wash the rice, add the onion and celery and cook two hours; then strain through a sieve. Add the seasoning and the milk or cream, which has come to the boiling point. If milk is used, add a little piece of butter.

Egg Sauce.

This is excellent with almost any boiled fish. Have ready two hard-boiled eggs, cut in small pieces. Use two tablespoonfuls of white roux, or melt two tablespoonfuls of butter and add one of flour to it, then a cupful of boiling water and cook for at least ten minutes. Add the egg, seasoning, more butter, and, if liked, a teaspoonful of chopped parsley.

Beef a La Mode.

Three pounds round steak chopped fine, two well-beaten eggs, four soda crackers rolled fine, one teaspoonful salt and one teaspoonful sage, one-half teaspoonful pepper, two tablespoonfuls milk. Roll into a loaf, mixing well, and bake two hours.

Chicken and Macaroni.

Take equal parts of cold chicken, boiled macaroni and tomato sauce. Put in layers in a shallow dish and cover with buttered crumbs. Bake until brown.

FOR RHUBARB PIES

RECIPES THAT HAVE BEEN TRIED AND NOT FOUND WANTING.

Fine Served With a Form of Mince-meat—Mixed With Raisins—Two Kinds of Rhubarb Meringue Are Recommended.

Mince Rhubarb Pie.

—One cupful of rhubarb, after chopping fine, one-half cupful sugar, one-half cupful best molasses, one-half cupful water, one-half cupful raisins chopped, one and a half crackers, rolled, one egg, one-half teaspoonful cinnamon, one-fourth teaspoonful cloves, a little nutmeg, a little salt and one tablespoonful butter. Bake with two crusts. This makes two pies.

Mock Lemon Pie.

—One cupful rhubarb sauce, three-fourths cupful sugar, yolks of two eggs, two tablespoonfuls of sweet cream. Flavor with lemon extract, bake in one crust and frost with whites of two eggs and two tablespoonfuls of sugar.

Rhubarb and Raisin Pie.

—Two cupfuls of rhubarb and one cupful of raisins, chopped together quite fine, one cupful sugar, one teaspoonful cinnamon, a little salt and bits of butter. Bake in two crusts.

Delicious Rhubarb Pie.

—Line a deep pie plate with crust and cut fine enough rhubarb to nearly fill the plate, and put it in a saucepan. Mix one-half teaspoonful cornstarch with a little cold water and stir into one-half cupful boiling water, pour over rhubarb, add a small handful of seedless raisins and at least one and a half cupfuls of sugar (the amount depends upon the acidity of the rhubarb); beat all together, but do not boil. Bake with two crusts.

Rhubarb Meringue Pie.

—Beat the yolks of two eggs, add one tablespoonful cornstarch, one cupful of sugar and one cupful of finely-chopped rhubarb; turn into pie plate lined with rich crust and bake; when done cool slightly, then frost with the two whites beaten stiff, three tablespoonfuls sugar and one teaspoonful of lemon extract. Brown lightly in the oven.

Rhubarb Meringue Pie No. 2.

—To one cupful of finely-chopped rhubarb add one cupful of sugar and the grated rind of one lemon, put one teaspoonful of cornstarch in a cup, moisten with a little cold water, then fill the cup with boiling water and add to it the rhubarb, then add the beaten yolks of three eggs. Bake with one crust and when cold cover with meringues of the whites of the three eggs and three tablespoonfuls of powdered sugar and brown lightly.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping its a sure sign of worms. A remedy for these parasites will be found in White's Cream Vermifuge. It not only clears out the worms, but it restores health and cheerfulness. Price 25c and 50c per bottle. Sold by W. H. Windrow.

Many get a good deal of credit trying to do something they can't accomplish, which, of course, disgusts those who are too ornery and lazy to try.

If you sit in a cool draft when heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on Ballard's Snow Liniment and don't be talked out of it, because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

About half the time the average man is forced to grin and bear it.

THE TRESPASSER

By LOUISE OLIVER.

Priscilla, as fresh as the morning, gripped the steering wheel of her roadster preparatory to turning a sharp curve in the road, when around the corner catapulted a small boy who shed apples as he ran, blouse, pockets and arms full to overflowing.

The look of terror in the fugitive's eyes went to Priscilla's heart. Involuntarily her foot went to the brake and her hand to the door. "Hop in!" she cried, and Dickie needed no second invitation, but tumbled in, apples and all, just as a man came around the corner brandishing a hastily procured switch.

As the little car whizzed past, he caught a glimpse of his enemy riding away to safety and peace beside the pretty representative of a family he had no reason whatever to love.

"What was he after you for?" queried Priscilla a little sternly.

"Why," answered Dick, "I was going along the road and I got kinda hungry and I saw those trees in the orchard all full of apples and a good many on the ground, and I thought I'd eat one. But there was so many and I didn't know which one to take, so I thought I'd take several. Say, you're awfully nice to save me. Don't you want an apple?"

"No, thank you. But I'm going to take them all, little boy. You see, you didn't mean to steal, but you did, and after I take you home I'm going to take the apples back to Mr. Criswell."

Once in town, they sought the street upon which the culprit lived and Priscilla delivered him to his mother, and then with her cargo of stolen fruit she turned back to the farm.

"I rather wish," she said thoughtfully, "that it were anyone else but that old Mr. Criswell. He is likely to be very unpleasant. I wonder if Bob's at home?" The name brought a soft flush to her cheeks, but in the depths of her blue eyes lay the shadow of trouble. Her thoughts went back to the time when her father's farm joined the Criswells' and when she and Bob had gone to the district school together. They had been companions always, then sweethearts. But coal had been found on a strip of land between the two farms, a strip which both families had claimed to own for years. The coal had made a bad situation worse, and Bob and Priscilla were forbidden to speak to one another.

"I've brought back the apples the little boy took," said Priscilla to Mr. Criswell when he came to the door to answer her knock.

"You folks aren't always so particular about giving people what is justly theirs," remarked the old man acidly. Priscilla turned to go. Her silence merely infuriated the old man. "I just want to tell you," bawled he, "that if you ever write another letter to Bob I'll burn it, so you might as well save yourself the trouble. No wonder you can sport around in an automobile of your own, spending money that justly belongs to other people."

One day, a week later, Priscilla in her car was passing the Criswell farm when she picked up a passenger, in fact the same passenger who had been fleeing from Mr. Criswell's wrath a few days before. "Going my way, Dickie? Where have you been today?"

"Catchin' chubs down in Criswell's creek."

"The old man will get after you again for trespassing! What have you got there?"

"That! Oh, I guess it's coal. Say, the funniest thing. I almost forgot about it. While I was sittin' there on the bank above the creek two men came along and stopped. They didn't see me, but I could hear what they were talking about. One of them says, 'It's coal all right.' And the other one says, 'Yes, the vein runs over this way, too. You were right, Bill. All our digging ain't for nothin' now. Old Criswell mustn't know a thing an' we'll buy his farm for a figure he can't refuse.'"

Priscilla turned her car. "Dickie, I saved you one day, now you do something for me, will you? I'm going to take you to Mr. Criswell and I want you to tell him all you told me."

So Priscilla and Dick drove back to the Criswells and Dick told his wonderful tale.

"Humph! These men are in the kitchen now," said the old man, "the sneakin' thieves. So, sonny, you say you can show me the place they've been diggin' and I've got really truly coal on my land? Just wait! I'll tell them I have to have a week to think it over. Then I'll go with you to the spot. Miss Priscilla, if you and Bob care to go along, maybe you'd like to hunt him up. He's somewhere around the barn."

"Bob, oh, Bob, where are you?" called Priscilla blithely.

Bob stuck his head over the edge of the hay loft.

"Have I died and gone to heaven, or has the millennium come? It is really you, Priscilla, dear? What's happened?"

"Come down and I'll tell you," she laughed. Your father sent me to get you! I think the millennium has come."

Dickie's story proved to be true, Mr. Criswell made a fortune from his coal and he is now trying to make up for his graft master toward his pretty new daughter-in-law. And Dickie can have all the apples he wants.

Sallow complexion comes from bilious impurities in the blood and the fault lies with the liver and bowels—they are torpid. The medicine that gives results in such cases is Herbine. It is a fine liver stimulant and bowel regulator. Price 50c. Sold by W. H. Windrow.

It may have been the high cost of living that drove the prodigal son home.

Constipation is the starting point for many serious diseases. To be healthy keep the bowels active and regular. Herbine will remove all accumulations in the bowels and put the system in fine condition. Price 50 cents. Sold by W. H. Windrow.

The person who shocks you doesn't necessarily have a magnetic personality.

Don't read to forget; rather to live.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Scott & Bowne, Bloomfield, N. J.

The person who can hear his name mentioned by two persons speaking in low tones and still have no curiosity as to what the conversation is about is too everlastingly complacent to be worth a whoop.

In every home where there is a baby there should also be a bottle of McGee's Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by W. H. Windrow.

When you see a woman throwing balls at the nigger babies at a street carnival and knocking them down every time you have a curiosity to see what condition her hubby features are in.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

Of course we are not afraid to say to a person's face the things we say behind his back—we merely do not wish to hurt his feelings.

Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Grip nor Disturb the Stomach. In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

It's hard for a man to play a game of "cinch" at home with the same zest that he does a game of "draw" at the club.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well-known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Why should a red-blooded American girl lower herself by marrying one of the bloody blue-blooded foreigners.

Drives Out Malaria, Builds Up System

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

The person who can't get along without an appetizer already has an appetite he can't satisfy.

An invitation to come again may be a hint not to make the present visit an endless one.

Trouble makers are as plentiful as peacemakers are scarce.

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

THIS is unquestionably the most successful medicine in the world for colic, cholera, and diarrhoea. It is a family remedy and should be kept in every home. Buy it now. It may save life. Price, 25c. Large Size, 50c.

is essential to health, comfort and appearance. Have you ever noticed a strained look on your face? Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist who prescribes the glasses. Having had 16 years experience in Medina County assures you of satisfaction.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Tablets. I got a bottle and in a few days they soothed my stomach, and my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

Housekeeping Is Not the Task It Used to Be

MODERN invention has done away with much of the hard work. For instance, the cleaning and polishing of hardwood floors, the dusting of moldings, the tops of high furniture, the stairs, under the radiator, etc. These back-breaking tasks are now made easy with the

O-Cedar Mop Polish Mop

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Besides, you do not have to get down on your hands and knees to dust under the bed or other hard-to-get-at places, or to stand on a chair to dust the top of the high furniture. All of the hard work is now made easy with the O-Cedar Polish Mop. It gathers all the dust or dirt from everywhere and holds it. The mop is easily cleaned by washing and then renewed by pouring on a few drops of O-Cedar Polish.

Try It at Our Risk—Try it two whole days with this understanding: If you do not find it satisfactory in every respect we will return your money. The price is only \$1.50 and it will save its price many times over in a short time.

All the others, including a large number of citizens in private occupations were mingling with the crowds in Castroville.

Mrs. I. N. Hall, a former resident of this town, died at her home at Knippa Wednesday night and her remains were interred at Knippa Thursday afternoon. The following from Hondo attended the funeral: Mrs. Will Laughinghouse and children, Mr. and Mrs. Jim Hall, L. H. Crabtree and wife, Fritz Frerichs and wife, Mrs. C. J. Bless, J. W. Griffiths and family, W. R. Routt, John Frerichs, C. H. Sayers, L. A. Stiegler and Booty Bless.

A bombardment in the south part of town about 3 o'clock Wednesday morning caused people in that section to wonder if a Villa invasion was taking place. Investigation revealed that our neighbor, H. G. Henderson, had corralled a skunk in his chicken yard, and was exercising his marksmanship in trying to eliminate the load smelling varmint from the game. We learn the animal succumbed to the process of elimination, but killed four chickens before meeting his Waterloo.—Falfurrias Facts.

The ladies of the Cemetery Association will give a dinner during the fall term of court. Date and place will be announced later.

H. W. Gronewald of Yancey passed through Monday en route to San Antonio for the purpose of consulting an oculist, his eyes giving him trouble.

Albert Burell was here from Rio-medina Monday and was a business caller at this office. Mr. Burell changes his address from Riomedina to George West.

Miss Lucy Buford Henderson has been elected as one of the teachers in the primary department of Falfurrias public school the coming term. This is her first experience as teacher, and Facts wishes her a large measure of success.—Falfurrias Facts.

For Sale, a five-room house and two acres of land in the north part of town, known as the Causey place. This property will be sold cheap and on easy terms. Apply to Fletcher Davis, Agent, Hondo, or to R. I. Risinger, Owner, Tarpley, Texas.

L. F. and Elmer Rothe were in San Antonio Tuesday where Elmer went for the purpose of having his nose treated. Some years ago he received a severe injury to that organ in a baseball game and it has been bothering him since. We trust he will get relief from the trouble.

Rev. Gustav Muennink and wife, who have been here on a visit to Mrs. Muennink's parents, Mr. and Heyo Schweers, returned to their home in Houston Thursday. They were accompanied home by Mrs. Amanda Muennink and children who will spend a few days visiting in the Bayou City.

Facts is sorry this week to chronicle the departure of Jno. W. Nunn and family for San Antonio, where they will make their home. Mr. Nunn has been in Falfurrias for several years, and the family has a large circle of friends that very much regret their leaving here. Facts understands that Rev. W. W. Nunn, also well known here, has purchased a grocery business in the Alamo City, and John has gone up to take charge of same. He is a splendid groceryman, and we join his many friends in best wishes for a successful business career. Mr. Nunn has been with Geo. Hobbs & Sons the past three years.—Falfurrias Facts.

Last Tuesday evening the young ladies of the Epworth League gave a Swimming Party at the E. R. Rachal reservoir on the Arcadia Farm. Those enjoying the event, under chaperonage of Mrs. H. G. Henderson, were the following: Misses Lucy Buford and Isabelle Henderson, Misses Ella and Ivah Schooley, Miss Ada Gray Merchant, Misses Bertha and Florence Dale, Miss Ruth Allen, Miss Smith, Miss Sloan, Miss Shuford, Miss Clark, Miss Jones and Miss Maberry. After enjoying the limpid waters of the reservoir to the full extent, refreshments were served, which were greatly enjoyed.—Falfurrias Facts.

A NEW FEED CROP.

To Dilley, in Frio county, belongs the distinction of pioneering in a new feed industry. There has been shipped from this place this season 110 tons of mesquite beans. These beans sold readily at \$14.00 per ton to feeders of horses and mules and the demand has been greater than the supply. They carry well, one car having remained loaded for nine days without showing any indication of heating. The beans may be fed whole or can be crushed into an excellent meal or chop, and an analysis and feeding test shows them to possess a feeding value approximating, if not superior to corn. Owing to the fondness of weevils for the beans they do not keep long unless treated with bisulphide of carbon in a similar manner to treating ear corn.

Franklin, Bowie and Cass Counties

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Government Blackleg Vaccine.

Stock owners generally, in Texas, will be interested in the decision of the Bureau of Animal Industry of the United States Department of Agriculture to make its local office at Fort Worth a distributing station for blackleg vaccine. The loss of young cattle from this disease in the State of Texas is considerable. It is being reduced to a minimum by those progressive stock owners who regularly vaccinate.

To secure the Government vaccine stock owners should make request for application blanks to Dr. L. J. Allen, 217 Live Stock Exchange Building, Fort Worth, Texas. Vaccine will be sent on request made on blanks prepared for the purpose, but only to actual stock owners for their cattle alone.

The Bureau of Animal Industry, through its Fort Worth office, is co-operating with the Live Stock Sanitary Commission of Texas, County Commissioners' Courts, and stock owners in the eradication of the cattle tick which transmits Texas or Splenic Fever. About 40 per cent of the original area quarantined in the United States for these ticks has been cleaned up under such co-operative efforts, and released from quarantine. Systematic dipping is the only method used. A great volume of this work is being done in Texas. Three quarters of a million head of cattle, in some twenty counties in Texas, are being dipped at regular intervals for tick eradication, in approximately 900 vats, most of which have been built since January 1st.

Tilden Has Barbecue.

Tilden, Tex., Aug. 18.—The people of Tilden enjoyed an old fashioned free barbecue and picnic Wednesday at the school house and a dance at night. Several hundred people from all parts of the county and other places were in attendance.

Fletcher Davis, field agent of the Department of Agriculture, was present and by invitation spoke briefly just before the noon hour. He said that while farm lands are increasing in value, their acreage production is decreasing and farmers need to change this by better methods of production. For the products grown by the farmer, he said, the former is receiving only 27 per cent of what the consumer pays for them, and this should be corrected by better methods of marketing. The State Department of Agriculture is seeking to aid in correcting these conditions by organizing farmers' institutes wherein farmers can study and co-operate in solving these problems.—San Antonio Express.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure your bowels move once a day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.

How foolish we would feel sometimes if we only knew that those we are telling something to really knew the truth of the whole business.

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used a half bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

A salted mine is fixed up to catch the fresh ones.

A Woman's Kindly Act.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes: "I was stricken with lumbago, unable to turn in bed. A neighbor brought Foley Kidney Pills. She had been similarly affected and they cured her. I was cured by three bottles." If the kidneys do not function, lumbago, rheumatism, aches, pains, are apt to result. Sold everywhere, and in Hondo by W. H. Windrow.

Will Sloan's Liniment Relieve Pain?
Try and see—one application will prove more than a column of claims. James S. Ferguson, Phila., Pa., writes: "I have had wonderful relief since I used Sloan's Liniment on my knees. To think after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liniment where your pain is and notice how quick you get relief. Penetrates without rubbing. Buy it at any drug store. 25c.

If in heaven we can know everything that is going on down here a lot of us are going to be made unhappy to notice how little we are missed.

A Good Thing for Children.
Foley's Honey and Tar is a particularly good cold, cough and croup medicine for children because it contains no opiates or habit-forming drugs. The "little colds" of summer, as well as the long standing, deep seated coughs, that hang on for months, are banished by its use. The first dose brings relief and comfort. Sold everywhere, and in Hondo by W. H. Windrow.

A man seldom notices that his wife has cleaned the house all up, washed the windows and waxed the floors, but you're darn whistling he notices it if she doesn't.

He Could Hardly Walk.
Deranged kidneys cause rheumatism, aches, pains, stiffness. Ambrose Gary, Sulphur, Okla., writes: "I was bothered with kidney troubles ten years and at times could hardly walk. I began taking Foley Kidney Pills. I got relief from the first but continued until I had taken three bottles. I feel like a new man." Sold everywhere, and in Hondo by W. H. Windrow.

In Loving Memory of Johanna Garteiser.
Dearest Johanna has left us,
Left us, yes, forever more
But we hope to meet our loved one,
On that bright and beautiful shore.

Lonely the house and sad the hours
Since our dear one has left us,
But, Oh! a brighter home than ours
In heaven is now her own.

Through her pains at times she smiled
A smile of heavenly birth
And when the angels called her home,
She smiled farewell to earth.

Heaven retaineth now our treasure,
Earth the lone casket keeps,
And the sunbeams love to linger
Where our Dearest Johanna sleeps.

We have lost our Dearest Johanna
She has bid us all adieu,
She has gone to live in Heaven
And her form is lost to view.

Oh! that dear one how we loved her,
Oh, how hard to give her up
But an angel came down from Heaven
And removed her from our flock.

Her little friend and playmate,
CARLINE.

The great object of the Texas Dry Farming Congress is to extend the business of farming in sections of limited rainfall, to lessen the failures and to increase the profits of those who are succeeding. It has work to do at every season and those who are keeping it alive and contributing to its programs try to make it a real help to the farmers and stockmen. We hope every farmer in Uvalde county, and adjoining counties, who can possibly attend the coming session at Uvalde, Aug. 23, 29, 30 and 31, will realize the real service he may get from the meeting and will be present each of the four days. Uvalde hopes he will enjoy the visit, aside from the work of the congress, but the work—the business of learning something, is the thing which is to be emphasized.—Uvalde Leader-News.

A Summer Laxative and Liver Regulator.
Po-Do-Lax is a liquid laxative—mild and effective. It arouses the liver, increases the bile, does not gripe and acts as a general tonic to the whole system. Aids nature to clear and purify the blood—as a laxative tonic for summer Po-Do-Lax has no equal. What was "good enough for father is good enough for me" never applied with more force than the use of Po-Do-Lax for the liver. An old time tried remedy. Get a bottle, take a dose tonight and see how much better you feel. At all druggists.

What a valuable asset has Age in the memories of a well spent Youth.

When You Have a Cold
Give it attention, avoid exposure, be regular and careful of your diet, also commence taking Dr. King's New Discovery. It contains Pine-Tar, Antiseptic Oils and Balsams. Is slightly laxative. Dr. King's New Discovery eases your cough, soothes your throat and bronchial tubes, checks your cold, starts to clear your head. In a short time you know your cold is better. It's the standard family cough syrup in use over 50 years. Get a bottle at once. Keep it in the house as a cold insurance. Sold at your drug store.

It is estimated that 140,000,000 people speak the English language.

Just the Thing for Diarrhoea.
"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know it is reliable. Obtainable everywhere.

Love is a principle that demands a mighty interest.

A Doctor's Remedy for Coughs.
As a cure for coughs and colds Dr. Bell's Pine-Tar-Honey combines these remedies in just the right proportion to do the most good for summer coughs or colds. A trial will prove the value of this splendid cough medicine. Dr. Bell's Pine-Tar-Honey soothes the irritation, stops your cough, kills the cold germs and does you a world of good. A 25c. bottle will more than convince—it will stop your cough. At druggists.

Without confidence, without any thing.

Cure for Cholera Morbus.
"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel trouble with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.

A MEDICAL TREATISE
By J. B. C. YOUNG.

The little nurse was coming down the hallway with a tray for her patient in room 16. It was about four o'clock, and, of course, Mac Thompson was standing somewhere near, with his hands in his pockets and his hat on the back of his head, waiting for her. Beside him stood Bill Fields, who immediately brought his heels together and bowed profoundly when he saw her coming.

"Hello, Miss Arthur," said Mac, with a most irritating smile.

"How do you do?" said the little nurse primly, and marched on with her tray.

"Allow me," said Mac, as he pushed open the door.

"Thank you, Mr. Thompson." And she whisked past him into the room. Bill disappeared down the hall, and Mac snatched up and down and waited for his tormentor to reappear.

Out she whisked and was proceeding to pass him with another sweet and preoccupied smile when he caught her apron.

"Let me go this instant, Mac. Let go my apron. I just wish you medical students wouldn't come bothering me when I'm busy."

"Hey? Plural? Which ones have been bothering you? Give me their names. I'll see to them directly. I'm the only medical student licensed to bother you." Mac took out his notebook and pen with a flourish and looked at her in a business-like way.

She had to laugh. "Mac, you ridiculous thing, you'll never be sensible. But seriously now, you are interrupting me in my work. I wish you would go away." She screwed her face up into a frown.

"I've got my orders. Farewell, cruel young woman." And then he turned right about and walked stiffly down the hall.

"What a boy!" she said scornfully, with a smile at the corner of her mouth.

How she longed to shake him, as she watched him cross the street from hospital that night. Strange how she watched for him every night.

"Hello, honey!" he said next night, when she came out of room 16 with her arms full.

She had just been thinking of him, and she looked up with a smile that was too brilliant to be anything but genuine. Mac's face lost its bantering look and he stooped and kissed the upturned face.

"You darling!" he said huskily.

But the little nurse was perturbed with horror. Had he thought she was glad to see him? Did he dare to think she had wanted to see him?

"Oh, how dare you? I—I—" Her thoughts trailed off into nothingness, and she made her escape into her room and had a good weep for very rage. "How dare he? Horrid thing! He took advantage! I'll never, never, never—" But she did not say what she would never do.

"Miss Arthur!" Mac was standing before her in the doorway when she came out of a room next evening. There was grim determination in his face, and the little nurse was panicky. Oh, for anything to stave this reckoning off!

"Oh no! Oh, no, no!" she stammered, and would have fled. He turned quickly, and caught his finger in the door-jamb.

"Jove!" he muttered forcefully, as he rescued his hand and examined it. "Oh, Mac, I've hurt you! How did I do it? Do let me see it, please do!"

Now Mac, naturally a wily young man, saw his advantage at once, and drew his face up into a still more ex-cruciating scowl.

"Jove!" he said again, pretending that the pain made him oblivious of her presence.

"Dear Mac, do let me see it. I'll bandage it. I'm so sorry, Mac, dear." The little nurse was so truly distressed that she did not care what she said.

"Not out here, come on into this empty room. Jove, but it pains! Are you very sorry?"

"Oh, yes, so sorry!"

"Shame!" thought Mac to himself, "but it's got to be done!" He raised a pained face to her sorrow-stricken one. "Would you be sorry if my hand had to be amputated?"

"Oh, Mac!" And she buried her head on his arm in tears.

"Would you marry a man with only one hand?"

The little nurse nodded her head, choking with sobs, and Mac cheerfully grinned over her head and winked his eye at the window.

"Oh, but you would rather have a good article than a damaged one."

"I love you anyway, Mac."

"Then it's all right, girlie, for I didn't hurt my hand at all," said Mac cheerfully, printing another kiss on the astonished face of the little nurse. She was so relieved that she kissed him in return.

"Mac, where are you?" came Bill's voice from the hall outside.

"Here."

"Coming to class meeting?" said Bill, putting his head inside the door.

"What the deuce are you doing inside here? Eh? Well, I'll be— Congratulations!" Bill vanished discreetly.

A few minutes later Mac came out of the hospital with a jaunty step. He waved his hand at the little nurse, who openly stood at the window and smiled.

Saved Girl's Life
"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.
"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT
in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.
If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents. (163)

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES
"Dodson's Liver Tone" Is Harmless To Clean Your Stagnant Liver and Bowels.
Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine, entirely respectable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

INDIGESTION
If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

Granulated Sore Eyes Cured.
"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given any trouble since." This salve is for sale by all druggists.

What The War Is Doing For The Farmer

The European war is not an unmitigated evil, nor yet is it an unmitigated blessing for this country. We shall not attempt to go into the ethical side of the question at all, nor shall we discuss "war brides", mention plants or other similar phases of the situation. We shall look at the war purely from the standpoint of prices for raw products, either produced here in this country or imported from foreign countries. And

amount them those that have not gone up in price in spite of the war. For example, here is a peculiar situation in regard to a beverage which is so universally liked that it has become almost a staple. The name of that beverage is Coca-Cola.

New Coca-Cola, as you know, is really an agricultural product—a product of the soil. Cane sugar—the very purest and finest—constitutes the delicious beverage, but enormous when the entire Coca-Cola output is considered.

Yet this product of nature—the farm—increased in cost though it has been to the makers, has not been raised one penny in price to dealer—or to you. The price at the soda fountain and in the bottle has not risen one iota.

Now inasmuch as the rural population alone of America consumes millions of bottles and glasses of Coca-Cola every year, you and the other agriculturists of this country will not only be able to continue to furnish your palates and get delicious refreshment with this beverage at no increased cost, but you will be sending back to the farm bigger profits and more money at no greater expense to yourself.

But wait a minute—there are other things to consider in this matter of growing rich out of the war. Cotton and wool and meats and farm machinery and sugar have gone up too. This means that while the wheat raiser is getting more for his product, he is also paying some other agriculturist more for his product. This cuts down somewhat on the profits the war is bringing to the farmer. Then it would seem that the best way to keep ahead of the game is for the farmer to pay the farmer who raises his necessities the increased prices that the war has brought about and when buying his luxuries or those things that are not bare necessities of life to pick and choose from

Let us take wheat, for example. We all know that the war has put the price of wheat way up. Very well—this means that the whole country—city, town and rural population as well as paying more for their flour—therefore the wheat raiser should theoretically be getting rich on a product which it costs him so more to raise than formerly and for which he gets more money.

To Our Subscribers.

Cotton is going to market rapidly at a fair price and oats have already brought good prices. Business has improved and money is now more plentiful. And the season for settling up yearly accounts is at hand. We will all be better off for meeting our obligations promptly. So while you are doing this, and scattering good cheer among those who have credited you, remember the little amount you owe on subscription and consider that among all of our subscribers it amounts to enough to add materially to the pleasure and financial welfare of the editor and all his family and printer folks, in these times of high prices and don't withhold their share. A prompt settlement of your subscription account will save us the labor and expense of sending a statement and will be greatly appreciated. Please don't over-look or post-pone this but call at once at the office or mail the amount you are due on subscription, and greatly oblige,

Your obedient servant,

Took It Coolly.

"You proposed to Miss Gadder in a canoe?"

"Yes."

"That's dangerous."

"Why so?"

"Well—er—an embrace or a kiss under such circumstances is apt to upset the boat."

"There was no danger in this case. She didn't even do me the honor to stop humming a little tune while I was proposing to her."

Political Strategy.

"I have just discovered that our candidate plays the pipe organ during his leisure moments."

"It would never do for the other side to get hold of that."

"What steps must we take?"

"Well, if the truth leaks out, we'll square him with the voters by saying it isn't a pipe organ he plays, but a mouth organ."

TAKING CARE OF FURNITURE

Simple Methods Constantly Employed Will Keep It Looking Its Best for Many Years.

White furniture and wood work can be beautifully cleaned with whiting; wring a flannel cloth from hot water, dip in whiting and rub well to remove all stains, then wash off the whiting with clean, warm water, dry with a soft cloth; the rubbing strokes should always be with the grain of the wood.

Wicker furniture should be cleaned with a strong solution of salt and water. Soap should never be used on wicker, as it produces a yellow tinge; where very shabby-looking, wicker may be refreshed by being painted. The paint used should be well mixed and thinned to the proper consistency. If too thick it is apt to remain on the wicker in lumps.

Furniture upholstered in leather cloth will last much longer if the covering is occasionally revived with the following mixture: Take one part best vinegar, two parts of boiled linseed oil, shake well together. Apply a little on a soft rag and afterward polish with a silk duster or an old chamois leather.

When cleaning upholstered furniture it is often either impossible or inconvenient to move it out of doors. In such cases place a wet cloth over the piece of furniture and then beat it, changing the cloth several times during the process. The dust will adhere to the cloth and will not rise in the room.

Try rubbing your furniture which has grown streaked and dull with a flannel dipped in equal parts of turpentine and kerosene oil. It polishes quickly and much more cleanly than the expensive polishes.

EFFICIENCY IN THE KITCHEN

Standardizing of Equipment Will Be Found to Work Wonders in Lessening the Labor.

The thinking housewife who puts her housework on a systematic basis is bound to standardize conditions, thereby accomplishing more and better work with the least expenditure of time, energy and money. Standardizing means working at the right height with the proper tools under the best conditions of light, ventilation and comfort.

How many women stoop unnecessarily over kitchen tables, sinks, wash tubs and ironing boards? We waste time and needless walking in poorly arranged kitchens, whereas, if our main working equipment was placed in right relation to our smaller equipment, much waste motion would be done away with.

Think over carefully the efficiency of your kitchen and try by rearranging the equipment you have, to do more work and better work in less time.—Miriam M. Haynes, Colorado Agricultural College, Fort Collins, Colo.

Stuffed Tomatoes.

Twelve large, smooth tomatoes, one teaspoonful of salt, a little pepper, one tablespoonful of butter, one of sugar, one cupful of bread crumbs, one teaspoonful of onion juice. Arrange the tomatoes in a baking pan. Cut a thin slice from the smooth end of each. With a small spoon scoop out as much of the pulp and juice as possible without injuring the shape. When all have been treated in this way, mix the pulp and juice with the other ingredients and fill the tomatoes with this mixture. Put on the tops, and bake slowly three-quarters of an hour. Slide the cake turner under the tomatoes and lift gently on to a flat dish. Garnish with parsley and serve.
